FROM THE PRINCIPAL

Welcome back to Term 2. The start last week was such a happy one with students settling straight back into learning and thoroughly enjoying catching up with friends.

MEMORIAL TO MATHEW MURRAY

This week we were thrilled to welcome special visitors Marilyn and Steve Murray, past parents of Anthony and Mathew Murray. They met with some Grade 6 students to view a new memorial to Mathew, consisting of a waratah tree and plaque located at the front of the school. Mathew attended TPS from 1987 to 1994 and passed away in the year after his graduation. He is most fondly remembered as a great friend to all who looked for the best in everyone. Marilyn and Steve attended our assembly and Sophie W and McKenna S informed us all about the new memorial. Coincidentally, Sophie told us that her Dad went to school with Mathew and that he remembers going to his funeral and being his friend. We are so appreciative of this beautiful memorial, attendance at assembly and allowing us to focus on what is important in life and be reminded how respect for our past and all people is a cherished value.

Every year Mr and Mrs Murray fund a school friendship prize dedicated to Mathew's memory. We all now have an even greater understanding of the significance of this prize, who presents it and its significance to the history of TPS.

FROM THE PRINCIPAL CONTINUED

A warm welcome is extended to the following students and their families who have joined our school family this term: Destiny-Lee R, Ida and Alannah W, Neve S, Isabelle M, Cooper W and Evan Y.

We returned to a wonderful surprise provided by Jo Beswick. The Grade 2 balcony in F Block has a beautiful new mural that was designed by Lucy M in 2AN. Jo has completed this in the school holidays and also selected balcony furniture for usage and enjoyment. It is a huge success. All Jo's efforts are greatly appreciated. What a fortunate community we are!

Before

After

Thank you to those who participated most respectfully in the ANZAC Day March during the school holidays. TPS was well represented by students and our school captains Ami and Jo were able to lay our wreath on behalf of our school community at the service.

Anyone wishing to view our Strategic Plan 2017-2020 and 2019 School Improvement Plan is welcome to request these at the main office.

This term, throughout the school, classes will have a focus on our school value, RESPECT. This is something that our children exhibit extremely well. Adults in our community regularly acknowledge that outstanding respect of ourselves, others our past and our environment. There will be learning and discussion in classes about RESPECT and how it looks, sounds and feels. In a school environment respecting everyone, valuing diversity and respecting everyone's right to learn are extremely important. For adults and leaders in our school we show respect by consistently modelling respect, actively listening, by first seeking to understand and then be understood and making decisions and setting expectations that are clear, honest and transparent.

There is much to look forward to this term. Major events include Cross Country, Readers' Cup, the Premier's Reading Challenge, Grade 3-5 Swimming Orientation and Mid-Year Reports. NAPLAN testing is conducted during the next two weeks in Grade 3 and 5. Of course later this week we acknowledge and treat the Mothers in our community. I hope that all mothers thoroughly enjoyed the wonderful breakfast on Friday morning and have a special day on Sunday.

ANZAC DAY PARADE

'Lest we Forget'. Thank you to the Trevallyn students who marched at the Launceston parade on Thursday 25 April to commemorate ANZAC Day. It was a lovely opportunity to pay respect to past and present service men and women.

LEARNING ABOUT NUMBERS IN THE EARLY YEARS OF SCHOOL

Learning numbers is arguably the most important strand of Mathematics, as an understanding of number underpins all mathematics through the rest of school and throughout life. For this reason, developing strong understanding of the number system is a priority in the early years of learning.

During the next few weeks we will look at early counting skills and learning place value.

Subitising

Subitising means recognising the number of items in a group without having to count them. For example the dots on a dice or on a domino are examples of groups you can easily subitise – you don't have to count them to know how many because you recognise the pattern.

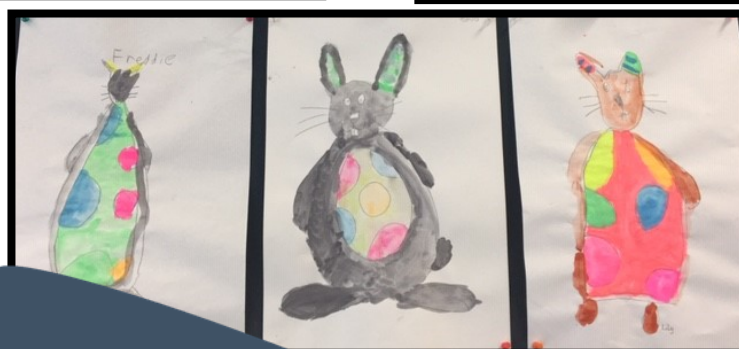

Learning to recognise small groups of numbers helps students to think about number in terms of quantity – they begin to recognise what 'three' means and what 'three' looks like.

We also want children to see that numbers are made up of, and can be broken into, other numbers. The idea of a whole number having parts is very important in mathematics and later enables children to learn to add and subtract.

Activities to do with your child:

- Playing games with dot dice, dominoes and cards helps children to recognise familiar patterns with dots. Encourage your child to say how many dots without counting.
- Put a small number of items (up to 4 initially) under your hand and quickly show them to your child. Let them look for long enough to allow the number of items to register but not long enough to be able to count them. Have your child tell you how many items there are.
- Have some blocks or pegs in a container. Ask your child to pick out 2, 3 or 4 without counting them.
- Empty out your pockets: "how many coins are in my hand?"
- "How many birds on the lawn?"

PREP WALKER/CLARK ARTWORK

NAPLAN ONLINE

NAPLAN is moving completely online in 2019. This means moving NAPLAN from paper-based assessments to online-based assessments. NAPLAN Online will provide better assessment and more precise results. The assessments feature a tailored test design where the questions a student receives will depend on their answers to previous questions.

Tasmanian schools will participate in NAPLAN Online from 2019.

NAPLAN Online testing will be held from the 14 to 24 May 2019.

NAPLAN Online 2019 will include four components, Writing, Numeracy, Conventions of Language and Reading. For 2019 Year Three students will be completing a paper based Writing Test. Online Testing will be available for each of the NAPLAN year levels (3, 5, 7 and 9)

Schools will receive results and reports for participants following the completion of NAPLAN Online 2019. Individual Student Reports will have the same format as the results from the paper based testing. The same report format is used for every student in Australia.

Individual student performance in NAPLAN is shown on a national achievement scale for each test. The performance of individual students can be compared to the average performance of all students in Australia.

Security and privacy are key requirements for the delivery of national testing. The online assessment platform has been designed to comply with relevant national data security policies and guidelines as well as data encryption standards. It meets the requirements of the Australian Government's Protective Security Policy Framework and Information Security Manual to protect privacy of data, including any personal student data, required to be used.

Please see the Department of Education's [NAPLAN Online Privacy Notice](https://documentcentre.education.tas.gov.au/Documents/NAPLAN-online-privacy-notice.pdf) (<https://documentcentre.education.tas.gov.au/Documents/NAPLAN-online-privacy-notice.pdf>) for more information.

Thank you, in anticipation, for you and your child's participation in this important national initiative.

If you have further questions, please contact Ms Jane Hudson at the school.

PREMIER'S READING CHALLENGE

This year Trevallyn Primary School will be participating again in the Premier's Reading Challenge.

Students from Prep to Grade 6 will be challenged to read 10 books in 10 weeks. They can negotiate with their teacher to have a large chapter book counted as being more than one book.

Students will receive an official Reading Log booklet and a sticker sheet to mark off completed books.

Students are free to choose which fiction or non-fiction books to read for the Challenge but there is a list of suggested books at;

<https://premiersreadingchallenge.tas.gov.au/Pages/what-can-i-read.aspx>

Whilst reading 10 books means the student has completed the Challenge, they can read more. Extra pages can be downloaded and added to the students' reading log.

Teachers will record students who have completed the Challenge at any time between Monday 29 April and Friday 5 July 2019

Many students wrote book reviews on the recommended books during last year's Challenge. Students are able to write a book review for any book they read in the Challenge this year and have the chance to win a \$15 book voucher. Book Reviews open on 30 April 2019 and can be submitted at

<https://premiersreadingchallenge.tas.gov.au/Pages/Review-a-book!.aspx>

Students recorded as having completed the Challenge will receive a certificate from the Premier after the Challenge ends.

JONNY SHANNON VISIT - 29 MAY TAILRACE

On Wednesday 29 May, renowned motivational speaker Jonny Shannon will be visiting Trevallyn Primary School to speak to students from Grades 4-6 about cyber safety and bullying. Jonny is a sought-after presenter and will address some very relevant issues with our students around how they can proactively address the challenges of bullying and their online safety and their digital footprint.

In conjunction with the Riverside Cluster of schools (West L PS, RHS, RPS and TPS), Jonny will also be conducting a parent information session. This will be held on **Wednesday 29 May** at the **Tailrace Centre** from **7pm-8pm**. Parents and community members are invited to attend. It is sure to be a fun, interactive and informative session on what is such a pertinent topic for our students.

Australia's #1 Most Requested Speaker

WALK SAFELY TO SCHOOL DAY - 17 MAY

On Friday 17 May, Trevallyn Primary School is participating in National Walk Safely to School Day. WSTSD is an opportunity for parents and carers of primary school aged children to promote safe pedestrian behaviour and try to incorporate more walking as a healthy, active way of getting around. Regular exercise like walking with your child not only helps them (and you!) beat chronic problems like obesity, heart disease, behavioural and mental health issues and diabetes. It also gives you a great opportunity to teach your child safe ways to behave around roads and traffic.

Students (and parents) are encouraged to walk either all or some of the way to school on Friday 17 May. Student leaders will be giving out stickers to those students walking to school. Student leaders will also run some information sessions around walking safely to school and be holding a colouring in competition in conjunction with Walk Safely to School Day.

WOOLWORTHS EARN & LEARN

This year we will be participating in the Woolworths Earn & Learn program. Through this program we will be able to get new educational resources for our school/early learning centre – and all we need you to do is shop for your groceries at Woolworths.

From Wednesday 1 May to Tuesday 25 June, we are collecting Woolworths Earn & Learn Stickers. You will get one Woolworths Earn & Learn Sticker for every \$10 spent. Place the Woolworths Earn & Learn Sticker onto a Woolworths Earn & Learn Sticker Sheet and when it's complete, the Sticker Sheet can be dropped into the Trevallyn Primary School Collection Box here at the school or at your local Woolworths.

At the end of the promotion, we'll be able to get some great new equipment. The range is extensive and offers lots of items ideal for our students – including resources for Maths, English, Science and some fantastic fun supplies for Arts & Craft, Sport and for our library. If you'd like to know more visit <https://www.woolworths.com.au/shop/discover/earn-and-learn-terms-2019>

MYTERN - TAKE EMOTIONAL RESPONSIBILITY NOW

Meet Reapo and Buska

Reapo (green roads)

Building Health

Positive thoughts and feelings (such as happiness, success, love, and appreciation) take you down the smooth, green Reapo roads which help to build your health.

Green roads are positive to your body, causing low petrol consumption. They also provide a place to consolidate all the wonderful lessons learnt while you were on the rough, red roads.

Buska (rough, red roads)

Improving driving skills and building resilience

Resilience helps you 'to be strong when things go wrong', which is really important, as things can and do go wrong.

The only rule is: try to gain control and don't stay on them for too long.

If you stay on rough roads out of control or for too long, they can stop building your resilience and start to

decrease your health, becoming less positive to your body, causing high petrol consumption and wear and tear.

Term 2 update.

School Banking Newsletter.

Helping your child to budget.

Budgeting, or balancing saving and spending, is a valuable skill that children can use throughout their lives. When we spoke to over 1,000 parents of primary school students, 83% thought it was important to help their child learn to budget and 91% found it especially relevant for students in years 5 and 6[^]. Here are three easy ways you can teach your child to budget, at any age.

Set a savings goal together and explain the importance of setting aside a little money each week to reach the goal.

Help your child keep track of their money by teaching them to check the amount they've saved and what's left when they take money out.

Play a fun shopping game, in-store or online. Add up the prices of things you want to buy and compare the total with the amount in your spending budget. This teaches your child about cost and how they may not be able to afford everything.

**Term 2
Polar Savers rewards.**

To encourage kids to keep saving regularly, they can redeem a reward every time they make 10 deposits with School Banking. Our new Term 2 rewards are now available to order, while stocks last.
