FROM THE PRINCIPAL

Term 2 has proven to be a very busy and successful one and I am sure the students are looking forward to a well-earned break. **The first day for Term 3 for students is Tuesday 23 July**, with Monday 22 being a day for teachers to participate in cluster Professional Learning and planning. The focus for this day will be on quality literacy teaching in reading and teacher feedback. How can we be half way through the year already!?

Next term we will welcome Miss Karen Searle to our team, as the teaching partner of Mrs Walker on Prep-I. Mrs Clark will be working covering the teaching of Mrs Fiona Cramp who will be on Long Service Leave. Ms Stanton will be full-time on her Prep class.

We will now begin referring to Learning Support and LLI (Levelled Literacy Intervention) as **Literacy Intervention**. Our program of support for Early Childhood children has become more than the program of LLI and this name change will reflect the various approaches we employ to assist student literacy development.

Thank you to all the Prep parents who altered their schedules to attend the Literacy session on Tuesday. We really appreciate this support and active partnering with our Literacy teaching and learning program.

Congratulations to our **Readers' Cup** representatives for a great presentation at Summerdale last week. Our representatives displayed great courage and growth!

Esk Band has performed a small concert for Early Childhood classes this week. Congratulations on impressive student progress.

FROM THE PRINCIPAL CONTINUED

Please let us know if there are questions once school reports are fully comprehended. Your child's Class teacher is an appropriate first point of contact. Ms Hudson (Grade 3-6) and I, Mrs Goss and Mrs Martin (K-2) will also assist with any questions. We hope the new format is a positive improvement for you. Next term we are keen to seek feedback on this.

We have had most supportive school community attendance at assemblies this week. Thank you. Our student leaders led these in a polished and confident manner. There were many celebrations and a thought provoking NAIDOC Week focus.

Jason our Groundsman is running in the Gold Coast Marathon (42 km) this weekend and is aiming for his personal best. All the best Jason! You are an inspiration and a amazing role model.

The new classroom libraries are a huge success. This improvement is a direct result of community fundraising, so thank you. We could not be happier with the student interest and take up.

We would like to congratulate Mrs Amanda Bird on her permanent appointment as Principal of Bracknell Primary School and wish her all the very best in the future.

Lachlan Preece has been selected to represent our school and state in the All Schools Primary Cross Country team to compete in Wollongong later this year. Your school is very proud of you Lachlan. What a high order achievement!

READERS' CUP INTER-SCHOOL CHALLENGE

On Wednesday evening, our school team "The Trevallyn Superstars" represented us against all the winning teams from other schools. Our team presented a play from the book 'The Last Elephant', competed in a quiz and a surprise challenge and enjoyed some afternoon tea. They were superb and had lots of fun!

Well done girls, we are very proud of you.

ICAS are happy to help with any questions. For details on how to contact ICAS by email or telephone please visit <https://www.unswglobal.unsw.edu.au/contact-us/>

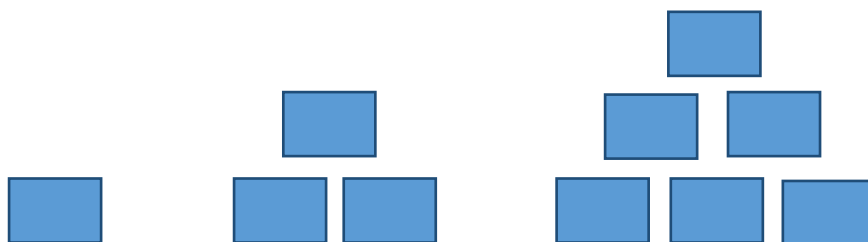

PATTERNING IN THE EARLY YEARS OF SCHOOL

Learning about patterns is another important strand of Mathematics, for children to understand. Sorting, classifying and recognising patterns is a way that children make sense of the world around them and is an essential skill for future work in data analysis and Science.

Growing Patterns

After children have become familiar with repeating patterns they will learn about growing patterns – but they must understand repeating patterns first or it is quite confusing. Growing patterns are those patterns that increase or decrease in a way that is consistent. Here is a pattern that grows.

What comes next? How many extra blocks are needed?

Activities to do with your child

- Play with blocks and talk about the patterns you can see
- Creating block towers
- Creating and building with Duplo or Lego and noticing the patterns
- Using shapes to create pictures

2 BENDER/OLIVER ART WORK

WINTER WOOLLIES FREE DRESS DAY

On Thursday 4 July, the SRC held a free dress day with a Winter Woollies theme to raise money for the Examiner Winter Relief Appeal. It was great to see so many people rugged up for winter in beanies, scarves and gloves. The total amount raised was \$473.50 which will go towards helping people in our local community, who are doing it tough this winter.

TREVALLYN PRIMARY SCHOOL ASSOCIATION REPORT

The School Association met on 27 June 2019 for its regular end of month meeting. Meetings are held on the last Thursday of each month and parents are welcome to attend or are welcome to nominate relevant topics for discussion.

We thank Joe and Amelie for their student leader's reports which highlighted the fun of the Esk Band and the new pieces they have recently been given to play. Joe spoke about the success of students who competed in the ASCC at Symmons Plains with particular mention to Lachlan who will now go on to represent Tasmania. Amelie spoke about the fun students had when the coach and two of the Tornadoes basketball team came to the school and held a skills workshop with students, this was a highlight for everyone involved.

A number of agenda items were discussed during the meeting including the purchase of a more robust sandwich press for the canteen. Standard sandwich presses last only a term due to the high usage they incur each week and we hope Mel finds the new one far more efficient. We are also considering quotes to resolve the uniform shop WiFi issues and hope to progress this shortly. Annette spoke about a Condition Report recently completed on the Max Fry Hall and future recommendations. Members acknowledged the hall's strong connection with the Trevallyn Community and how fortunate we are to be part of this wonderful community.

Ange provided the committee with updates on the School Association accounts which are currently being prepared for the auditor. We thank Ange for her extensive work to keep the accounts in order each month.

Next meeting: Thursday July 25th

Chair Person: Brian Wightman, Deputy President: Kim Beasy, Secretary: Joanne Beswick, Treasurer: Ange Shipp, Staff Rep: Kate Andrew, Parent Reps: Andy Kelly, Emily Bishop, Sarah Stirland, Pru White, Claire Blyth, Greta John, Lori Hrycyszyn.

Jo Beswick - School Association Secretary

TORNADOES VISIT

The last two Mondays have seen players from the Launceston Tornados visit our school to run basketball clinics for our grade 4, 5 and 6 students. Students participated in passing drills which focussed on their chest pass, bounce pass and overhead pass. They were also taken through shooting drills which focussed on developing the shooters' pocket along with a range of ball control and dribbling drills.

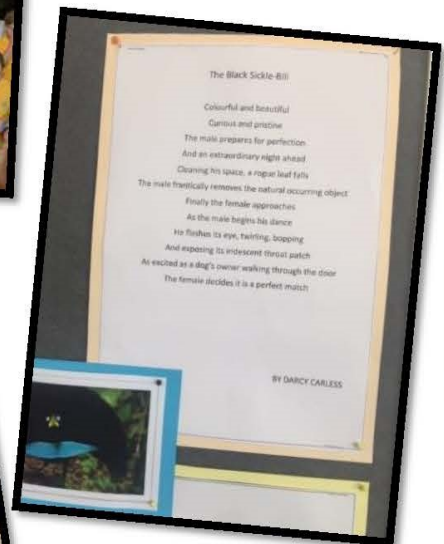

It was great to have international athletes visit our school and share some insight into what it takes to become a professional athlete. We learnt some great basketball activities for students to be able to practise at any time.

The Tornadoes have a game at Elphin this Saturday night, please get along and support them!
