1. Purpose

The purpose of a School Student Dress Code and Uniform Policy (the Policy) is to promote social equity in terms of clothing, assisting school staff in easily identifying students and enhancing the sense of pride within a school. The Policy is in accordance with [Secretary's Instruction No 6 for State School Student Dress Code](#) and developed in consultation with the School Association and students.

2. Policy objectives

- Promote a shared sense of school identity and ensure all students are dressed safely and appropriately for school activities
- Strengthen the profile and identity of the school and its students within the broader community
- Assist school staff to easily identify students on school excursions and on the school campus
- Encourage students to take pride in their appearance
- Prepare learners for the expectations of the workplace
- Identify the process for establishing a dress code, or uniform and who is required to wear one
- Identify the process for granting exemptions to a dress code or uniform.

3. Key information

- State schools for students from Prep to Year 10 inclusive **MUST** have a school uniform. It is a requirement that these students wear the uniform their school endorses.
- To ensure that the requirements of [Education Act 2016](#) and the Secretary's Instruction are met, the school **MUST**:
 - » Allow exemptions and /or criteria to evaluate applications for exemption from compliance with the Policy, where individual circumstances make it difficult to adhere to the Policy and would outweigh the benefits of compliance.
 - » Provide students with gender neutral options (i.e. unisex) in addition to any male and female specific items.
 - » Endorse a uniform that is cost effective. (Schools should consider providing uniform banks to support families experiencing hardship to meet uniform requirements.)
- A principal with students enrolled outside of Prep to Year 10 can choose to require all students to wear the uniform. This **MUST** be established through a dress code, and **MUST** include consultation with the School Association and students.
- Consultation with the School Association can be done by requesting the School Association Committee to include dress code/uniform as an agenda item at a Committee meeting. The school can promote that consultation is underway and invite parents to provide feedback through the Committee.
- A dress code **may** stipulate requirements around personal appearance and grooming.
- When introducing a new dress code or uniform, a transition period of 12 months is recommended to allow time for the Policy to be understood and adhered to.

4. Requirements

The Policy applies during school activities (including out-of-hours or off-site activities), on school campus and while travelling to or from school (while wearing school uniform), unless an exemption has been granted.

9. Exemptions

Parents may seek an exemption from compliance with elements of the school's Policy. This will be granted where the principal considers that it is in the best interests of the student to allow such an exemption. When deciding whether to grant an exemption, the principal will consider:

- Offering a grace period for new students starting partway through the school year to comply with the Policy and acquire any uniform items.
- Religious beliefs, cultural background and/or individual needs (e.g. sensory issues).

- Uniform exemptions may be granted for 'free dress day'. Free dress clothing must be sun safe, should not display inappropriate or offensive logos, images or slogans, and closed-toe footwear must be worn.
- Uniform exemptions may be required for specific school activities where it would not be appropriate for a student to be in uniform/comply with dress code (i.e. swimming, surfing, farming/ agriculture) or where uniform would not be visible due to protective or specialised clothing.

REQUESTING AN EXEMPTION

To request an exemption a parent/carer or independent student **MUST**:

- speak to your Principal;
- list any requirements that are of concern; and
- nominate the requested length of exemption from the requirements.

For exemptions requested for five or less consecutive school days, the principal **MUST**:

- notify the relevant teacher/s of the details of any exemption granted.

For exemptions requested for more than five consecutive school days, the principal **MUST**:

- include the timeframes if an exemption is granted;
